Specifications

Contact Rating: 3A

Contact Resistance: 10m ohms max.

Insulation Resistance: 1000M ohms at 100VDC Dielectric Strength: 1000 VAC min. for 1 minute Capacitance Between Adjacent Pin: 0.9pF max.

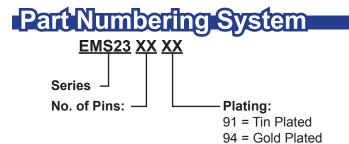

Temperature Range: -55°C to +125°C Life Cycle: 100 operating cycles min. Soldering Heat: 260±5°C for 5±1 seconds

Contact Material: Brass, Machined

Insulator Material: Glass filled thermoplastic polyester,

UL94V-0

Contact Plated: Tin Plated or Gold Plated

Rev. No.: PW04
